

- 6) Bob Hopkins presented information on the ARAJPB's work to improve the landscaping on the Platte River Commons. He said in 2012 the Board concluded an MOU with the City to have their staff care for the trees on the Commons. In 2013, they plan to plant 100 trees around the west end of King Boulevard and another 100 trees in 2014. He said the irrigation system for the trees is in need of improvement and that should be done this summer. He stated that the ARAJPB pays the City for its work on the Commons. Bob also discussed the problems and possible solutions to vandalism of the bollard lights on the commons trails.
- 7) Bill Edwards gave an overview of the Casper Area Innovation Center (CAIC) building and the progress of turning the operation of the facility over to the University of Wyoming. He had high expectations of UW's operating the CAIC based on their success with their business incubator in Laramie. In response to a question from the audience, Tom Brauer gave general figures on where the funds to build the center came from and stated that it is debt free. Bill emphasized that recruiting of clients for the CAIC is ongoing and two strong possibilities exist now.
- 8) Laura Angelo asked for final questions and there were none. She closed the meeting at 5:27 pm.
